## Work History

- 2021-01 -  
Current **Associate Professor of Psychiatry**
- 2014-01 -  
Current **Consultant Psychiatrist**  
Psychosomatics Ward, Rasoul-e-Akram Hospital
- 2013-01 -  
2021-01 **Assistant Professor**  
Iran University of Medical Sciences, Tehran
- 2014-01 -  
2018-01 **Psychiatric Consultant**  
Rajaei Heart Hospital, Tehran
- 2013-01 -  
2017-01 **Consultant Psychiatrist**  
Iran Psychiatry Hospital
- 2014-01 -  
2016-01 **Psychiatric Consultant**  
Hospital Motahari Burns Hospital

## Education

- 2018-10 -  
2019-01 **Clinical Attachment: Old-Age Psychiatry**  
Surrey And Borders NHS Foundation Trust - Surrey, London
- 2013-09 -  
Current **Board Certified: Psychiatry**  
National Iranian Board of Psychiatry - Tehran  
  
Awarded **Top rank in the country**
- 2009-09 -  
2013-09 **Specialty: Psychiatry**  
Iran University of Medical Sciences – Tehran  
**PGY-1(August 2009- September 2010)**  
- Adult Psychiatry (10 months)

- Neurology (3 months)
- workshops (2 weeks)

### **PGY2(September 2010- September 2011)**

- Emergency Psychiatry (3 months)
- Addiction Psychiatry (3 months)
- Child and Adolescent Psychiatry (3 months)
- Psychotherapy and Outpatient Psychiatry (3 months)

### **PGY3(September 2011- September 2012)**

- Community Psychiatry (3 months)
- Liaison Psychiatry (3 months)
- Psychotherapy (CBT) (3 months)
- Instrumental Psychiatry (3 months)

### **PGY4(September 2012- September 2013)**

- Psychotherapy (Dynamic) (3 months)
- Old-Age Psychiatry (2 months)
- Forensic Psychiatry (1 month)
- Adult Psychiatry (6 months)

2005-04 -  
2006-10

### **M.D.: Internship**

Tehran University of Medical Sciences - Tehran

1998-10 -  
2006-10

### **M.D.: Medical Student**

Tehran University of Medical Sciences - Tehran

1994-09 -  
1998-07

### **High School Diploma**

Kamal High School - Tehran

## **Accomplishments**

- Awarded First-ranked candidate at the National Iranian Board of Psychiatry, 2013
- Awarded by the Psychiatry Department as the top resident of the year in 2012.
- Awarded by the university, as the CEO of a knowledge-based company, for developing a knowledge-based health product, in 2021

## **Affiliations**

- The Islamic Republic of Iran's Medical Council
- Iranian Psychiatrists' Association
- Geriatric Psychiatry Committee of the Iranian Psychiatric Association
- The Neuropsychiatric Committee of the Iranian Psychiatric Association

## Executive Positions

- 2018-Present: Education Deputy Chairman of the Department of Psychiatry. School of Medicine. Iran University of Medical Sciences
- 2020-Present: Executive Director of the Old-Age Psychiatry Fellowship Program, Department of Psychiatry, Iran University of Medical Sciences
- 2020-Present: Editorial Board of Journal of Gerontology (ISSN 2476-7301)
- 2019-Present: CEO of the Knowledge-Based Company (Exir Salamat Saba), Developing an App in the field of medicine
- 2022-Present: Member of the Research Committee in the mental Health Research Center and Geriatric Mental health Research Center, Iran University of Medical Sciences
- 2014-Present: Executive Director of the Old-Age Psychiatry Residency Program, Department of Psychiatry, Iran University of Medical Sciences
- 2016-2018: Education Deputy of Psychosomatics Ward, Rasoul-e-Akram Hospital
- 2019: Executive Secretary of the Second Congress on Mood Disorders
- 2016: Executive Secretary of the First Congress on Mood Disorders

## Ad-hoc Reviewer

- Journal of Gerontology
- Iranian Journal of Psychiatry
- Iranian Journal of Psychiatry and Behavioral Sciences
- Medical Journal of The Islamic Republic of Iran (MJIRI)
- Psychiatry Investigation

## LECTURES AND TEACHING IN WORKSHOPS

- 2023 cognitive rehabilitation in dementia
- 2022 Dementia assessment and history taking
- 2021 Comprehensive geriatric assessment
- 2021 Updates on diagnosis and treatment of Mild Cognitive Impairment (MCI)
- 2020 Psychopharmacotherapy in patients with COVID-19
- 2020 The COVID-19 pandemic and the health issues of the elderly
- 2020 Healthy Aging
- 2020 Management of COVID-19 in the elderly
- 2020 Neuropsychiatry of Traumatic Brain Injury (TBI) and movement disorders
- 2020 Neuropsychiatry of multiple sclerosis and COVID-19
- 2020 Basics of neuropsychiatry in stroke and dementia
- 2019 Psychopharmacotherapy in older adults
- 2019 The 36th annual conference of the Iranian Psychiatric Association
- 2019 Diagnosis of Alzheimer's disease
- 2018 Diagnosis and management of neurotic disorders in the elderly
- 2018 Sleep disorders in the elderly
- 2017 Old-Age psychiatry
- 2017 The 6th International Conference on Basic and Clinical Neuroscience
- 2017 Old-Age depression
- 2017 Dementia with Lewy Bodies

- 2017 Introducing and summarizing Lewy Body Dementia
- 2017 Alcohol use disorder from the point of view of clinical and legal medicine
- 2017 Neurobiology of old age depression
- 2016 Psychosomatic disorders programs in general and specialized hospitals
- 2016 The 5th International Conference on Basic and Clinical Neuroscience
- 2016 Workshop on application of Electroencephalography in Psychiatry
- 2016 Symposium on methodological problems in clinical studies of mood disorders
- 2016 The 5th Congress on Neuroscience
- 2016 Substance use disorder treatment: A training for GPs Iran Psychiatry Hospital
- 2015 Is there a way to predict the admission of bipolar patients?
- 2014 The mental health of burned patients
- 2014 substance use disorders for General Practitioners
- 2014 Mental Health Workshop for Health Network Physicians
- 2014 Psychopharmacology of bipolar disorder and organic comorbidities
- 2013 Annual Conference on Bipolar Disorder
- 2013 Women's Health Workshop for Experts and Physicians
- 2013 Mood disorders Retraining for Psychiatrists
- 2013 Patients' Attitude toward Medication

## Continuing Professional Development Courses

- 2022 Quickbite: Mind your language – effective communication in clinical practice (online CPD learning module)
- 2022 Managing the adverse effects of clozapine (online CPD learning module)
- 2022 RQIA Guidelines: Mental Health (NI) Order 1986 – assessment and treatment Module 3 (online CPD learning module)
- 2022 Cultural psychiatry (online CPD learning module)
- 2022 Online summer school of noninvasive brain stimulation in neuropsychiatric disorders
- 2022 Leadership in the Medical Practice
- 2018 Sabbatical in Old-Age Psychiatry, Surrey and Borders NHS Foundation Trust, Surrey, London, UK
- 2022 SPSS workshop
- 2017 Annual Conference of Iranian Psychiatrists Association
- 2016 The first Congress on Mood Disorders (Executive secretary)
- 2016 Annual Conference of Iranian Psychiatrists Association
- 2016 Workshop on Principles of MRI
- 2015 Annual Conference of Iranian Psychiatrists Association
- 2014 Annual Conference of Iranian Psychiatrists Association
- 2014 Endnote and Advanced Literature Search Workshop
- 2014 Promotion Regulations Briefing Workshop
- 2014 Workshop on Principles of Proper Lecturing in an Educational Environment
- 2014 Introductory Workshop on Elsevier Databases
- 2013 Mood Disorders Program
- 2013 Psychotherapy Program
- 2013 Advanced Literature Search Workshop

## ONGOING RESEARCH PROJECTS

- Designing and evaluating the effectiveness of a paper-pencil package for cognitive rehabilitation in Iranian elderly
- Investigating the effect and feasibility of multi-domain intervention of diet, exercise, management of vascular risk factors, and cognitive training on preventing cognitive decline in Iranian elderly
- Reliability and validity of Telephone Interview for Cognitive Status (TICS) in Iranian elderly
- Investigating the preventive effect of memantine on cognitive decline after Electroconvulsive Therapy (ECT) in the elderly patients with major depressive disorder: a double-blind, randomized, placebo-controlled trial
- Designing and evaluating the psychometric properties of a tool for measuring financial capacity in the Iranian elderly
- Psychometric properties of the Persian version of Addenbrooke's Short Form Cognitive Examination (Mini ACE) in educated elderly with cognitive disorders
- Evaluating the educational-professional needs of psychiatry registrars of Iran University of Medical Sciences in 2018-2019

## RESEARCH AND THESIS COLLABORATION

- A systematic review of validated cognitive screening tools in Iran
- Designing a pilot implementation of a comprehensive and local mentoring program and evaluating satisfaction, implementation obstacles, and implementation suggestions for its improvement
- Examining the psychometric characteristics of Memory Alternation Test in Iranian elderly
- Designing an educational package about mental health and professional behavior for the students of Rasool-e- Akram Hospital (IUMS)
- Investigation of psychiatric manifestations in patients with COVID-19 hospitalized in Rasool-e- Akram Hospital
- Examining the findings of brain perfusion scan (SPECT) in patients with long COVID-19 and neuropsychiatric symptoms
- Evaluating the impact of the mentoring program in residency on the work-related quality of life, interpersonal communication, job burnout, and hospital job stress of first- to third-year psychiatric
- Development, implementation, and evaluation of the "Respectful work environment" program in the clinical departments of the Iran University of Medical Sciences
- Evaluating the effect of agomelatine as an adjunctive treatment in obsessive-compulsive disorder: a double-blind, randomized, placebo-controlled trial
- Designing and evaluating the effectiveness of a computer-based cognitive training program for the Iranian elderly
- Evaluating the attitude of undergraduate medical students toward psychiatry before and after the psychiatric rotation
- Examining the findings of brain imaging and neuropsychological assessments in patients with Late Onset Psychosis in Rasool-e-Akram and Firouzgar Hospital using machine learning techniques
- Examining the findings of brain imaging and neuropsychological assessments in patients with Alzheimer's disease in Rasool-e-Akram and Firouzgar Hospital using machine learning techniques
- Evaluation of caregiver burden in caregivers of patients with traumatic brain injury (TBI) and its relationship with demographic factors

- Investigation of the prevalence of major neurocognitive disorders among hospitalized elderly patients in the three general hospitals in Iran
- Evaluating the severity of symptoms of depression, anxiety, obsession, and perceived psychologic trauma in patients with COVID-19 compared to the control population (non-COVID patients and healthy population)
- Designing a registry system for falling downs in the elderly patients referred to Rasoul-e-Akram hospital
- Validity and reliability of the Persian version of the Mild Behavioral Impairment Checklist (MBI-C) in the elderly
- An action research study for the implementation of a psychological intervention to improve the mental health of medical staff dealing with COVID-19
- Production of a virtual training multimedia program for informal caregivers of patients with dementia
- The effect of single-dose ketamine injection in reducing acute suicidal thoughts compared to the midazolam injection: a double-blind, randomized trial
- Comparison of changes in the cognitive performance of the morbid-obsessed elderly patients four months after bariatric surgery with the control group
- Evaluating the impact of the mentorship program on the work-related quality of life and interpersonal relationship of psychiatry registrars of Iran University of Medical Sciences
- Occupational Burnout in Nurses of Psychiatry Wards Compared to Surgery Wards and its Relationship with Personality Traits and Emotional Intelligence
- Third Stage Longitudinal Assessment of Clinical State of Hospitalized Patients with Type 1 bipolar disorder
- The relationship between Surgical Outcomes and Changes in Personality Traits and Body Image in Obese Patients Before and After Mini-Bypass Surgery
- The relationship of Circadian Rhythm Disorders with Functional Performance and Selective attention in Medical Students of Iran University
- The relationship between Psychiatric Interventions and Indices of Sudden Death, Readmission, and Repeated Myocardial Infarction in Iranian Patients with Depression that have Developed Acute Coronary Syndrome for the First Time and Undergone Subcutaneous Coronary Intervention
- Development of the Revised Version of Psychiatry Residents' Curriculum, Iran University of Medical Sciences
- Electrocardiography and Echocardiography in Methamphetamine Users Compared to Control Group
- Qualitative Study of Psychological Needs of Patients with Drug Abuse
- Mental Health and High-Risk Behaviors in Children of Drug Abusers Compared to Non-Drug Abusers
- Diagnostic Value of the Iranian Version of Olfactory UPSIT Test in Differentiating Alzheimer's Patients from Patients with Major Depression
- The Prevalence of Depression and Anxiety in Migraine Patients with and without Photophobia Attending Neurology Clinic of Rasoul-e-Akram Hospital
- The Prevalence of Depression in Patients with Type II Diabetes with Microvascular Complications in Rasoul-e-Akram Hospital
- The Relationship of Smoking, Alcohol, and Drug Use with Bariatric Surgery Outcomes in Obese Patients Attending Obesity Clinic of Rasoul-e-Akram Hospital
- The Effect of Coenzyme Q10 on Apoptosis in Nucleus Accumbens in Adult Rats following Amphetamine Injection

## BOOKS

- Textbook of Psychiatry and Behavioral Science (Section: Psychopharmacology of the elderly) (Persian); Arjmand publications (ISSN: 9786002006509)
- Textbook of Sleep Medicine (Section: sleep disorders of old age population) (Persian); Arjmand Publications (ISSN: 9786002006509)
